- remove you from your classroom to learn
- do not provide frequent access to professors or provide daily mentoring
- do not allow you or show you how to immediately implement what you've learned in the classroom
- place a financial burden on you by charging too much tuition or requiring expensive text books

The AMERICAN GRADUATE SCHOOL OF EDUCATION has addressed all of the items listed above and more.

1. We provide the opportunity for you to earn your Master's degree while teaching any grade or subject area, in any school.
2. We make learning convenient. You don't need to travel to another location for classes or to spend hours reading expensive textbooks.
3. We help you learn and implement research-based instructional strategies each day in your classroom.
4. You receive daily mentoring from our professors, online coaches, and mentors.
5. You earn your Masters Degree while becoming a more effective teacher!

AGSE costs are significantly less than other traditional universities. For just \$200 per credit, your entire tuition will cost \$7,200 (based on 36 credit hours).
